

TURBO[®] CUSTOM EQUIPMENT

1. GIVE US YOUR IDEA

When you contact Turbo to place an order, also send us your logo and tell us about the colour combination you want.

This will help you visualize how it will look and will help us stay true to your idea. To help you with your selection, you can find details about Turbo products on our website www.turbowaterpolo.com by clicking on the **Patterns** section.

2. PRESENTING YOUR DESIGN

You will be able to see what your design looks like before all the products are made. Once we have received your order and the necessary material we, at Turbo, will create the design adapting it to each item and will present it to you applied to each article.

Once it has been approved, the production process can begin. In order to avoid delays it is important that you tell us immediately about any changes you want to make before we start production.

3. YOUR ITEMS START TO TAKE SHAPE

Based on the approved design, and before the production process of your items start, you must choose the type of material that you want the pieces to be made of: Lycra, skin fish, etc.

Once the materials have been chosen, manufacturing of the products can start.

4. YOUR IDEA IN YOUR HANDS

In approximately 30 days you will have your personalized design in your hands and ready to be viewed by all.

We truly hope that you will enjoy your suit.

Turbo produces all types of personalized products thus permitting exclusive outfitting: WP and silicon caps, towels, polos, t-shirts, shorts, weats, jackets, backpacks...
